

REMARKS

Reconsideration of the application in view of the above amendments and the following remarks is respectfully requested.

The Examiner rejects claims 1-9, 20-23 and 27-28 under 35 U.S.C. §103(a) as being unpatentable under *Wissinger*. The Examiner has allowed claims 11-19 and objected to claims 10 and 24. This leaves claims 25 and 26 unaccounted for. In view of the Examiner's disposition of claims in item 6 on the first page of the Official Action, Applicant's have assumed that the Examiner meant to say claims 25-28 are rejected.

Applicant's have combined claims 1 and 10 as well as 20 and 24 to produce claims which the Examiner stated would be allowable. The claims that depended from Claim 1 have now been amended to be dependent from Claim 10 and the claims that depended from Claim 20 have now been amended to be dependent from Claim 24.

Accordingly, Applicants believe the Application, as amended, is in condition for allowance, and such action is respectfully requested.

Respectfully submitted,

Texas Instruments Incorporated
